Description: Settling In: Highlighting 50 Years of Kitimat's History Exhibition, was shown at the Kitimat Museum and Archives in 2003. "To the youngsters, Kitimat presents a pleasing blend of modern, urban, recreational facilities in a wild-west, wilderness setting. To the adults, it offers physical grandeur, unexcelled hunting and fishing, neighbourliness, dependence, and the genuine friendships of a new community." Canadian Geographical Journal 1959 What makes a town? What makes Kitimat unique? In the final analysis, Kitimat citizens have made the community. This exhibition attempts to show the public face of Kitimat.
